

Solonas Baker is an aviation professional with 20 years of experience spanning cabin crew, senior crew, line trainer, checker, operations management, training, auditing, and aviation security.

Throughout his career, he has combined hands-on in-flight experience with a strong focus on crew development, safety, compliance, and operational excellence, and he currently contributes to C.A. Crew Academy.

He has progressed through key frontline and training roles in aviation, building a solid foundation in service standards, instructional support, and day-to-day operational leadership. His background reflects a practical understanding of airline operations and a consistent commitment to professionalism, teamwork, and continuous improvement.
